

BENTLEY

Greetings
FROM BENTLEY

Dear Yellow Door Friends,

My name is Bentley and I live in Bluefield VA with my grandmother, aunt, 2 sisters and a cousin. I will be 10 in August, and am in 2nd grade.

I was born with multiple birth defects (too many to list here) but through hard work, this past year was a great milestone year for me. I learned to ride a bike, swim with a life vest, and my G tube was removed. I even donated all my drink thickeners to UVA's food pantry for others like me that need that.

Recently I was put under sedation for an MRI and experienced complications which caused me to be put on a vent. I will need a trach and will go on ECMO to try and stabilize me for surgeries.

NORA

Dear Yellow Door Friends,

I am excited to share that I am currently finished with chemotherapy treatments, following surgery this past December. My most recent MRI showed no evidence of cancer in my left arm where my tumor once was!

My family and I have found comfort in Tommy's Place since August, when I was just 8 weeks old. I've grown so much since then! We are so grateful for the support from YDF and to have had this beautiful space to heal in after treatments.

I'm heading home, but will keep in touch. Thank you for everything, Yellow Door Friends!

♥, Nora

*Thanks for you did
for me. I will be in touch!*
