

TAYSON

Hi Yellow Door Friends,

My name is Tayson, and I was born on June 5 with a very special heart. I needed surgery right away, so I've been spending my first few months healing in the hospital while Mom, Dad, three big siblings and grandparents are at the apartment.

Thanks to you, that day is finally here! I'm being discharged soon and heading to **Starr Hill**, where I can keep getting stronger with help from my doctors and LOTS of cuddles from my family.

Thank you for making a place like Yellow Door possible—a place full of hope, healing, and love.

Thank you for hosting my family while I get strong enough to join them.

FROM CODY

Hi Yellow Door Friends,

My name is Cody, and I'm 16 years old. I was born with a complex heart—Double Inlet Left Ventricle, Hypoplastic Right Heart Syndrome, and L-TGA. It's been a long journey with numerous surgeries over the years, but last week...I got my donor heart!

I'm incredibly thankful—thankful for this second chance, for my amazing doctors, and for all of you. I'm still in the hospital recovering, but I can't wait for the day my doctors say I'm strong enough to join my mom at Yellow Door and continue healing at Maggie's Place.

Thank you for opening your hearts (and doors) to families like mine.

With gratitude,

♥, Cody

Thank you for a place to heal
close to my care team!

JOSHUA

Hi! It's Joshua again!

I'm still in treatment for cancer and recently found out I was selected for a new trial—pretty exciting news! But something even more exciting happened last week... my baby brother Ezra was born! Isn't he cute?

I can't wait to spend time with him between treatments at Yellow Door. Thanks to you, my family has this incredible gift of being together in a warm, comfortable place while we welcome Ezra and face everything as a team.

Thank you for giving us this time to bond and be a family. I'll never forget it. With gratitude,

♥, Joshua

*Thank you for this gift of a home
away from home during this time.*

KYLER

Hi Yellow Door Friends,

It's Kyler! I stayed at Tommy's Place earlier this year, and I just came back for follow-up scans and appointments. This time, I stayed at The Union—and it felt like coming home! It was comforting to stay someplace familiar.

Great news—my renal ultrasound showed improvements! ENT also scheduled a swallow study soon to see if I can start eating by mouth. Fingers crossed!

Thank you for making places like Tomes Place and The Union feel safe, calm, and full of hope. You help kids like me heal with comfort and care.

♥ . Kyler

Thanks for letting my mom and me stay at The Union when we came back for scans.
